I am smart, a fast learner... I love to give the best of myself and contribute positively in my workplace. I have 4 years of experience as a waitress in mainly Italian and French restaurants although I have also worked with Indian and Japanese cuisine, I have also worked as a cocktail waitress in night clubs. I'm self-motivated with a passion for hospitality, I enjoy serving, I genuinely love customer service and it's where I've been involved all my life since I was a little girl in my country I've always been growing up in the sales/service area on different ways.
