I'm 18 years old. I'm a graduating senior at Villa Park, I've taken medical classes and know how to give CPR if at all needed. I can work in any environment, and work well under pressure.

I'm good with all types of people, and can keep a level head.

I have a very flexible schedule out side of my schooling and can go into work almost anytime needed.

I am a very dedicated worker and put as much effort as possible into my work, I also am very upbeat and cheerful no matter what the situation and have good vibes wherever I am. I am also easy to work with and a good listener.

I care a lot about the work I do and how well it's done I like to make sure things are done right and help anyone with anything, I also take any type of work that I do seriously and put everything I have into what I'm doing.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Hostess

Orange County Mining Company - Orange County, CA

August 2022 to Present

My position at OCMC is to assign tables and help seat tables along with making reservations taking over the phone orders as well as inputting them into the system. I deal with customers all day and enjoy it! I've felt with quite a few customer complains as well and help the best of my ability and if I can't fix it I get someone who can. Some accomplishments I feel I've made there is better understanding a more serious work environment as well as earn some serving experience while I was at it !!

I worked the front register a lot so I'm always around people, I also cook and serve the baked goods along with making and mixing smoothies, I also do a lot of the other smaller tasks like dishes mopping and a good deal of cleaning.

A big accomplishment that's I've had at this job is seeing the growth I've made and being given opportunities so move up in my job.
