

## PROFILE

I've started working in the Service Industry since I was 18 years old. I started as a Host to Server, gradually to Barback, Assistant Bartender, Solo Bartender, Head Bartender, and then eventually Lead Bartender through very few establishments and consider myself to be a very dedicated and loyal employee to those who I work with.

I have 10+ years of service industry and bartending experience and have started from a somewhat small family owned restaurant to night clubs to fine dining where I now love craft cocktails and mixology.
