

MIA SUI

Missouri City, TX | 832-412-0510 |
miasui05@gmail.com

Motivated and dependable nursing student currently enrolled in the Bachelor of Science in Nursing (BSN) program at Sam Houston State University, expected to graduate in May 2026. Seeking a summer position—ideally in a fast-paced service or customer-focused setting—with the potential to continue working part-time during nursing school. Brings strong interpersonal communication, multitasking, and problem-solving skills developed through both clinical rotations and prior food service experience. Eager to contribute to a team while gaining valuable experience alongside academic growth.

EXPERIENCE

SERVER

Ginger Robata & Sushi Bar | Kingwood, TX

AUGUST 2023- DECEMBER 2023

Provided attentive and efficient service in a fast-paced dining environment ensuring a positive customer experience.

Developed strong communication and interpersonal skills while interacting with diverse clientele.

Effectively multitasked by managing multiple tables, coordinating with kitchen staff, and handling orders and online orders with accuracy and speed.

Anticipated and responded promptly to guests needs, maintaining high customer satisfaction.

CLINICAL EXPERIENCE

Houston Methodist Hospital | The Woodlands, TX

ADULT HEALTH 1- MED-SURG | SPRING 2025

Completed hands on clinical training in a high acuity med-surg unit, applying nursing skills in real patient care settings under RN supervision.

Performed focused assessments, administered medications under preceptors' supervision, monitored vital signs.

Practiced safe and therapeutic communication with patients and families, supporting emotional and physical needs.

CLINICAL EXPERIENCE

MD Anderson Cancer Center | Houston, Tx

FUNDAMENTALS | FALL 2024

Gained foundational nursing experience, assisting with patient care under supervision of licensed nurses.

Practiced safe medication administration and supported patients with ADLs.

Precepted staff nurses to develop clinical judgment and time management skills.

Documented care collaborated with interdisciplinary team members and assisted with ADLs to promote optimal patient outcomes.
